JACKSONVILLE, ILLINOIS, FRIDAY MORNING, APRIL 8, 1904

IN MEMORY OF HANNA

LATE SENATOR EULOGIZED
BY COLLEAGUES

Swayne Impeachment Proceedings to be Taken Up by the House Next December—Other Washington News.

Washington, April 7.—The senate to day listened to eulogies of the late Senator Hanna. The galleries were filled and the speakers were given close attention. Those who spoke were Fowler, Scott, Cockrell, Platt (Conn.), Cullom, Blackburn, Elkins, Fairbanks, Daniels, Perkins, Depew, Beveridge, Dooliver, Keams and Dick.

Depew referred to Hanna's reply to Senator Pettigrew's attack on him, saying that previous to that time the Ohio man had disturbed his powers of speech. "The reply," Depew said, "was not a speech; it was a shout of defiance. But the attack broke the bonds that bound Hanna and evolved a gigantic power which in the end worked to the ruin of the South Dakota senator."

Dooliver touched on the suggestion congress was being captured by business men and millionaires and declared he had no anxiety on that account. On the contrary, he regarded as one of the best signs of the times the fact that men identified with large affairs in life were willing to assist in shaping national affairs. He found Hanna's familiarity with business the secret of his success as a leader in public concerns.

Dick, concluding his speech, said: "No man who made so brief a passage across the theatre of national life ever left a stronger impression in his day and age and every walk of life in which he took an interest. It is too soon to determine his rightful place in the hall of our national heroes, but it is certain the imperial biographer will record him a great party leader, a statesman of rank and a patriot of the purest loyalty."

HOUSE.

The Swayne impeachment proceedings, which had been looked upon as only possibly to block an early adjournment of congress, were disposed of in five minutes by the house to day by the adoption of a resolution making the case a special order for Dec. 13 next. Meantime the judiciary committee is to take additional testimony in the case.

After disposing of the conference report on the army appropriation bill, the house took up the bill extending the coastwise laws to the Philippines and by a vote of 122 to 100 adopted a special rule to vote on this bill after a debate of two hours. This debate was exhausted save five minutes when the house adjourned at 5:30. An amendment to the postponement of operations of the laws until July 1, 1906, instead of 1905, will be proposed.

CAPITAL NOTES.

The house committee on rules to day decided on the program to have the case of Judge Swayne of Florida go over until Dec. 13, the committee on judiciary to take additional testimony meanwhile. The revenue cutter Onondaga sailed for Galveston to day, having on board Postmaster General Payne and party.

LATTER DAY SAINTS.

Kirkland, Ohio, April 7.—To day's session of the general conference of the Reorganized Church of Latter Day Saints was devoted principally to speeches the purpose of which was to show lack of any sympathy between principles of the reorganized church and those of Mormons of Utah. The secretary's report showed the present membership to be 50,330; twenty-seven new church organized; a net gain of 1,533 members.

The daughter endeavored to make her escape, but Gammon shot and killed her and made his escape. A posse is in pursuit.

ESTABLISH HEADQUARTERS.

St. Louis, April 7.—Permanent headquarters of the national Democratic convention were to day established at the Hotel Jefferson.

YOUTHFUL ROBBERS

Boys Hold Up Council Bluffs Saloon—One Captured and Other Kills Himself.

Council Bluffs, Iowa, April 7.—Two boys, aged 18 and 20, held up a saloon on South Main street to day, securing a small sum. They were pursued by the bartender, who captured the younger of the two, who was unarmed. The other escaped to the railroad yards, where he crawled into a thrashing machine and fired a bullet through his brain. The boy under arrest gives his name as Dick Doran, of Chicago, and says the dead boy is a brother. He says they were half starved and became desperate.

The boy who is being held for the hold-up here late this evening made a clean breast. He stated that the dead boy was his brother, Martin Lawing, of 918 North Hoyne avenue, Chicago, where their father lives.

Chicago, April 7.—Anton Lowing, father of Martin and John Lowing, who attempted to rob a saloon in Council Bluffs, declared to night he had heard nothing from his boys since they left Chicago. "They never made any trouble for me," said Lowing, "and they had plenty of money when they left home. They said they were going away to seek their fortunes. I suppose they became 'broke' and were driven to robbery. I would have sent them money if I had known they needed it."

DISTINGUISHED GUESTS

Present at Banquet of Publishers' Association—President Roosevelt's Speech.

Washington, April 7.—A representative and distinguished company attended the dinner of the Publishers' Association of America to night. President Roosevelt was there and made a speech. Among the other guests were Russian Ambassador Cassini, Secretary Hay, French Ambassador Jusserand and German Ambassador Sternburg. The dinner was preceded and followed by a reception. The president remained throughout the reception which followed the dinner. He was the first speaker.

The president was given an ovation as he rose to speak. His address was largely devoted to a definition of what is necessary to make a good citizen. "A free people has merely substituted self-restraint for external restraint," he said, "and the permanence of our freedom as a people and of our liberty depends upon the way in which we shall exercise that self-restraint."

He had a very poor opinion of a man whose morality is expressed merely in noninfringement of the law. "Unless our average citizenship is based upon a good deal more than mere observance of the laws on the statute books, then our average citizenship can never produce the kind of government which it must and will produce. So far from liberty and responsibility of self-government being things which come easily and to any people, they are peculiarly things that can come only to the most highly developed people, capable not only of mastering others, but of mastering themselves, and who can achieve real self-government, real liberty."

The president deprecated the use of language which tends to produce irritation among nations with whom we should be on friendly terms. "You can rest assured," he said, "that no man and no nation ever thinks the better of us because we adopt toward him feelings which we should resent if they were adopted toward us. We have a very large field in warring against evil at home. When all is as it ought to be in nation and state and municipality here at home, we can then talk about reforming the rest of mankind. Let us begin at home."

Ambassadors Jusserand and Sternburg also delivered addresses, both referring to the high literary character and great influence of American periodicals.

LUTHERAN CONFERENCE.

Pittsburg, April 7.—The three days' session of the Lutheran conference closed to night with a choral vesper service. The primary and most important question before the conference was brought up for discussion to day. The theme concerning which papers were read was "The Centralization of Church Power."

From addresses delivered on either side of the question and from the attitude of speakers during the general discussion which followed, it could not be doubted the assembly as a whole was in favor of a more centralized power in the church which would represent greater authority and therefore be of greater service in administration of the several functions which the church is expected to serve.

Although this conference had no legislative authority, it is important as an indication of feeling throughout the church in this country. As each delegate will report to the general body he represents concerning attitude of the conference, the discussion of to day is significant.

New York, April 7.—Joseph E. Schwab to day tendered his resignation as president of the American Steel Foundries company. Gen. Charles Miller was appointed acting president.

The accident occurred at the Logan square terminus of the road. One train was standing at the platform discharging passengers when a through train came up. The motorman shut off the electric current when within 500 feet of the station and applied the airbrakes, but there was no air, and the train went smashing into the rear of the cars standing at the platform. The front coach of the special and rear car of the other train were smashed.

CENSUS BULLETIN

Population of United States for 1903 Placed at 79,900,389.

Washington, April 7.—The census bureau to day issued a bulletin which gives the estimated population of the United States for 1903, exclusive of Alaska and insular possessions, at 79,900,389, an increase of 3,905,814 since 1900. According to these estimates New York city has 3,716,139 inhabitants, Chicago has 1,873,890 and Philadelphia 1,367,716; St. Louis has passed and Boston almost reached the 600,000 mark. Considered by states, New York leads in population with more than 7,000,000, Pennsylvania exceeds 6,000,000 and Illinois has passed 5,000,000. But twenty-two states now have less than 1,000,000 inhabitants and fourteen exceed 2,000,000.

ARE NOT UNANIMOUS.

Berlin, April 7.—Missionaries are not unanimous in blaming the whites exclusively for the raising of Hereros in German Southwest Africa. A missionary named Dichi, stationed at Okahandja, mentions as causes of the rising universal hatred, which the Hereros entertained for newcomers, combined with unjust treatment. Dichi adds that the Hereros themselves are largely to blame and says the missionaries have repeatedly warned them against debts, mortgages and alienation of their lands, but that they have preached to deaf ears. Dichi prophesies terrible vengeance if the Hereros fall into the hands of the German soldiers, who are committed to the utmost by savage barbarities committed on settlers.

COLOMBIA HOLDS BACK

Has Not Yet Filed an Appeal Against the French Court's Decision.

Paris, April 7.—Colombia has not yet filed its appeal against the French court's decision in favor of the sale of the concession of the Panama Canal company to the United States and it is understood one of the chief causes of delay is the requirement of French law that all costs of a recent suit shall be paid before an appeal is receivable. These costs amount to a large sum, including court fees and all legal expenses of lawyers and fees incurred by the company since the beginning of the litigation. It is said in well-informed quarters Colombian authorities are somewhat embarrassed over the payment of the costs, which may have the effect of postponing an early determination to appeal.

STRIKE IN PANAMA.

Washington, April 7.—The following cablegram was received at the navy department from Admiral Glass at Panama to day:

"Freight traffic on the railroad is suspended from strike. All quiet. No violence is feared. Authorities here are preparing to maintain order. Naval interference unnecessary. No interference necessary or contemplated."

It has been decreed by the government that consular representatives of nations which have not formally recognized the republic of Panama will be unable to continue official relations with the government until such recognition has taken place.

Colon, April 7.—The United States canal commissioners went to Bahia to day and after inspecting that section of the canal route returned to Colon. The striking laborers here are quiet.

WANTED THEIR FEES

Jurors Object to Turning in Verdict But Soon Change Their Mind.

Belleville, Ill., April 7.—The jury in the trial of a slandering case here to day reported to the court: "We have reached a verdict, but refuse to turn it in until we receive our fees."

"Constantly, take the jury to jail and keep them there until they give up their verdict," ordered Justice Wangelin. When the constable started to carry out the order the Jurymen weakened and returned a verdict of "guilty" against the defendant.

VIOLATED STATE LAW.

Lincoln, Neb., April 7.—John R. Olmstead and H. R. Kels, said to be of St. Louis, and representing the Home Cooperative company of St. Louis, were arrested to night on a complaint signed by Henry N. Carpenter, who claims to be an investor in the company, but who is said to represent the state banking board. The charge against the men is that of violating the Nebraska law against installment investment companies, which the banking board designates as lotteries and has refused to license in Nebraska.

SECURED AN INJUNCTION.

Cleveland, Ohio, April 7.—Third Assistant Chief Eli Stevens, of the Brotherhood of Locomotive Engineers, this afternoon secured an injunction temporarily restraining Grand Chief Stone and other officers of the organization from holding the annual convention in Cleveland or any other point aside from Los Angeles, Calif. The latter city was originally chosen for holding the convention, but owing to high transportation rates a movement was recently started to hold the convention, which meets May 11, in this city.

JAPS CROSS YALU RIVER

AND ARE ESTABLISHED IN STRONG POSITIONS.

Naval Plans of Russia to Retrieve Reverses at Port Arthur and Chemulpo—Various War Reports.

Chicago, April 7.—A special cable to the News from Tokyo says: "Reliable reports were received here to day from Seoul to the effect that part of the Japanese fighting line had crossed the Yalu and established itself in strong positions there at several important points."

RUSSIAN PLAN.

Paris, April 7.—The Russian naval plan for retrieving reverses at Port Arthur and Chemulpo have been communicated to one of the embassies through official channels having access to the highest naval authorities at St. Petersburg. The plan is explained as follows:

"Russia recognizes Japan now as preponderating the naval strength in the far east. Therefore it is essential to reverse the present Japanese preponderance. This will be attempted by two distinct moves. First, urgent efforts will be made to have naval concentration at Port Arthur of the Baltic, Red Sea and Vladivostok fleets, joining Makarov's command if possible, and thus giving the combined fleets preponderance over Admiral Togo."

"Second, it is foreseen it will be difficult and probably impossible to effect this concentration, as Togo may intercept the Baltic fleet. In that event the Baltic fleet will attempt the task of engaging the large Japanese fleet in hope of disabling some of the Japanese ships, thus reducing Japanese effectiveness. According to Russian calculation, the Baltic fleet may suffer annihilation in such an unequal combat, but it will have served a valuable end if it is able to cripple a sufficient number of Japanese ships to reduce Togo's naval strength below Makarov's."

The foregoing is not a part of current speculative report, but comes from credible official sources as being the detailed Russian plan.

St. Petersburg, April 7.—A correspondent of the Volynsky Vestnik states many slightly wounded in the first bombardment of Port Arthur have died as a result of poisonous gases emanating from Japanese shells. He notes many of the enemy's projectiles fall in and near hospitals, and adds it has been determined to evacuate the city hospital at Dalny if that place is bombarded because of unwillingness to trust to humanity of the Japanese.

A dispatch from Port Arthur says three of the Japanese freshets sunk in the attempt to block the harbor have been raised and towed into the harbor, where they are being armed with rapid fire guns for service against the enemy.

It is reported there is a lack of locomotives and other rolling stock for the Chinese Eastern railroad. Vladyvoysk Alexieff while returning to Mukden experienced delay in consequence of hot boxes and noted slow transportation of troops over this line. Insufficient fuel and absence of facilities for providing water also hinder efficient service.

WAR REPORTS.

Tokyo, April 7.—A Seoul dispatch says Japanese supply steamers are safely entering the estuary of the Yalu river and are landing their cargoes at various points on the Korean shore. It is presumed movement of steamers is covered by Japanese gunboats. If this is true the Russian forts erected upon the Chinese side of the Yalu are evidently not effective.

St. Petersburg, April 7.—The admiralty has received information that a Japanese squadron has been cruising off Port Arthur since yesterday.

Seoul, Telegrams have been received here saying Russians are occupying six of the largest border towns of the Tuman river, northwestern Corea.

A Korean prefect reports that Russians and Chinese who were at Yongampho, Corea, have withdrawn to Antung, across the Yalu river. Only a few merchants remain at the former place.

Japanese authorities have no confirmation of the reported engagement between Russians and Japanese at Kwil Sung.

KANSAS DEMOCRATS

Uninstructed Delegates for National Convention—Admire Kansas City Platform

Wichita, Kas., April 7.—The Democratic state convention to day selected twenty uninstructed delegates to the national convention. The delegation, according to personal preferences, it is said, will stand six for Hearst and fourteen against him. The resolutions affirm the Kansas City and Chicago platforms; express confidence in Bryan and declare for the nomination of men for president and vice-president who supported the candidates in 1896 and 1900 and who are in sympathy with the platform upon which they ran. The resolutions endorse William Randolph Hearst and his victory over the coal trust as an example for Democrats to follow, but did not refer to him as a candidate for president.

Representative W. S. Cowherd of Missouri was elected chairman of the Democratic congressional committee without opposition to night. About thirty members of the congressional committee were in attendance. Cowherd was not present.

When it came to choice of a secretary opposition to Secretary Edwards developed. It was mentioned that Secretary Edwards had some connection with the Hearst propaganda for the presidency. Friends of Edwards answered by stating this fact ought not to influence the vote either way, as the committee's duties entirely outside of his official duties with the committee.

The committee adjourned at 11 o'clock without electing a secretary. Many speeches were made on the subject and no other nomination was made for the office. Senator Carmack of Tennessee and Representative Ramsdell of Louisiana made speeches against the election of Edwards. Adjournment was voted for by friends of Edwards.

Madrid, April 7.—An official telegram from Barcelona states that as King Alfonso was leaving an exhibition a petard exploded, injuring two persons. One arrest was made.

Rome, April 7.—News of the attempt on the life of Alfonso at Barcelona produced the deepest impression here, especially among members of the Spanish colony, which is quite numerous. King Victor Emmanuel and the pope upon receiving the news immediately telegraphed their warmest congratulations to Alfonso on his escape.

Barcelona, April 7.—King Alfonso, accompanied by Premier Maura and War Minister Linares, started this morning on a round of visits to factories, where he conversed with working people. Everywhere the king was accorded the most cordial reception.

Private accounts received from Barcelona regarding the explosion which took place as King Alfonso was leaving the exhibition there yesterday continue to vary in detail. The following official report of the affair has been issued here:

"At 9:30 o'clock in the evening a petard exploded in the portico of the house No. 19 Rambla Delcentro. There was a loud explosion, which caused material damage. In the ensuing panic two persons were slightly injured."

Mrs. Botkin was charged with having poisoned Mrs. John P. Dunning and Mrs. Deane, both of Dover, Del., daughters of ex-Representative Pennington, five years ago, sending them a box of poisoned candy. The cause alleged was her love for Dunning. Mrs. Botkin was arrested at San Francisco, where she has been kept in custody notwithstanding attempts of the Delaware authorities to have her taken to that state for trial. In 1898 Mrs. Botkin was found guilty and sentenced to life imprisonment; she secured a new trial, which was begun on March 10.

THE CARNIVAL

"In Truth We'll Hie Away to Many Lands and Far Across the Seas and on Our Portion of the Sphere Will Different Wonders See."

The long expected is at last being realized and the people of the city and vicinity have been afforded an opportunity to see the wonders of several parts of the earth without the discomfort and necessary expenditure of time and money involved in travel. It is well conceded that Jacksonville people can get up about anything they wish, when once they set about it, and the carnival is another proof of the proposition. With the assistance of Mrs. Sherman, the ladies' kindergarten board have prepared for the people an entertainment in Armory hall unique and attractive, and one which will be remembered for many days to come. Ascending the stairs the visitor buys his ticket from polite sellers in fancy booths adorned with brilliant red, though the management desire it distinctly understood that they have no intention of painting the town that color.

First on the right is an odor redolent of saw dust, but we fail to hear the familiar circus whip or the state jokes of the clown; but instead we see a donkey walk, and the patient little descendant of Balaam's animal stands ready to take the little folk a ride for a consideration, so mount and shut your eyes and then with a lively stretch of the imagination you are going through the Garden of the Gods or climbing Pike's peak; wandering along the way to Cheyenne canyon, journeying down the Grand canyon of the Colorado, wending your way across the plains of Arizona or enjoying any kind of wild west trip you like, or even entering the City of Mexico with charcoal or marketing.

Next the visitor takes a flying trip to the Emerald Isle, where thatched huts, rosy cheeks, potatoes and children abound. The surroundings are most tasty and the entire booth is fitted up in fine style, most of the goods coming from Blackburn & Floreth. Polite attendants minister to every want and all about is pleasing.

Next—
"Cross the hand of Gypsy Jane And she will all your fortune tell" for you have reached the oriental booth, adorned with the goods of Galbraith Furniture company, and presided over by veritable daughters of the wanderers famed in story and song. For a reasonable sum your future will be unfolded to you and you may listen and get it while you wait, and the winning attractiveness of the gypsy maidens will cause many a young man to linger longer than is really necessary for the business in hand.

"Lo, the Poor Indian," comes to mind as we pass along to the next place, for here, in all their primitive, aboriginal glory of paint, blankets and gaudy colors, are four Lo's and four Mrs. Lo's, making one think them "cheap big Indians," and we instinctively feel of our scalps to be sure they are safe on our heads and we look for the bloody knife and tomahawk, of which we have heard so much; but we can placate the children of nature by getting your fortune told by the squaw in the wigwam and move on in safety to the next place.

"Three cheers for the red, white and blue."
Three cheers for the red, white and blue.

The army and navy forever. Three cheers for the red, white and blue.

Sing it in your mind anyhow, for you are now within the quarters of Company 1, abounding in national colors and telling stories of gallantry in the field and manly worth at home. The boys of Company 1 are one of the institutions of Jacksonville and her citizens are proud of them, so that it is not surprising that many visit this booth.

"The play's the thing Wherein I'll catch the conscience of the king."

Only in this case we have no monarch who has killed his brother that he might have for himself the wife of the murdered man, but instead an innocent vaudeville company doing all sorts of funny and interesting things for the delectation of the patrons. Judging from the applause the cast must be made up of genuine theatrical stars, which shine undimmed amid the surroundings.

"Better fifty years of Europe Than a cycle of Cathay."

wrote an English poet, but you don't have to have fifty years of the flowery kingdom if you don't like it. But, certainly he didn't see China and Japan as we see them in the booth in the northwest corner of the hall, where lovely young ladies preside and where the treasures of the orient are brought to our very doors. This booth, too, is adorned with goods from the Galbraith Furniture company and is handsome and attractive, while the many things offered for sale and placed on exhibition show that the people in charge know their business and the "yellow peril" is not once suggested.

"Oh Italy, dear Italy; How oft in thought I turn to thee," especially as one draws near the next attraction. Here we have the shadows of olive trees, the vineyards and the beauties of the classic land where Romulus established his kingdom after killing his brother Remus for making sport of the low wall in process of construction. Ladies need have no fears of a rush for wives, as was the case in the early Roman commonwealth, and all may draw near and see the handsome goods loaned by Andre & Andre, and enjoy the many other good things on tap.

Chepultepec, Palo Alto, Buena Vista and all the other sanguinary fields on Mexican soil are forgotten as the visitor approaches the Mexican booth, and instead we look for the very spirits of the Montezumas to rise and speak to us and politely add, "Si, signor," or "signora," as the case may be, when the beauties of the place are complimented. The confectionery of that strange land so near our borders and many other beauties and wonders may be seen there.

THE LATEST FOOD PRODUCT

Comes in Tablet Form and Replaces to the Blood and Nerves What is Worn Out.

In this way it builds up and repairs all manner of weaknesses, and enables one to throw off most of the ails of life. This preparation, known as Dr. Chase's Blood and Nerve Food, overcomes and cures not only such common ailments as nervous headache, nervous dyspepsia, sleeplessness, nervous irritability, general debility, etc., but even such serious conditions as profound blood poverty, neurasthenia, paresis, dementia, locomotor ataxia, and the various forms of spine-ail and nerve-break that have hitherto resisted all drug medication. It is not a dope, having a stimulating and only temporary effect, but is a food that feeds the depraved blood and starving brain and nerve cells, and in a natural manner restores them to structural integrity and perfection of function. To convince you that it is really a wonderful food cure, its makers, The Dr. Chase Co., Philadelphia, Pa., ask you to weigh yourself before taking it. Price 50 cents a box, five boxes, enough to give it a fair trial, \$2.00. Book with further information free.

For sale by LEE P. ALLCOTT.

Now, imagine you are climbing the steep hill that leads to some ancient and picturesque castle on the Rhine, and in a moment you are ushered into a quaint German village in the biggony, and all the surroundings are well in keeping with the name of the place. The decorations are handsome and the articles for sale all bring to mind the dear old vaterland, to which so many hearts turn as they think of the home they left across the seas.

The flower booth on the first floor is well named and in it are exposed for sale the rarest productions of the soil, and when one takes into account the attractiveness of the fair salesladies, the wonder is that even more of the beauties are not sold.

In the center is an ice cream booth, where the tempting dishes are served to well pleased patrons. This affair was trimmed and decorated by Vickery & Merrigan, who made a good success of their work.

The supper at 5 o'clock was well patronized and the first night of the carnival may be called a success and an earnest of what the next two are to be.

Special mention is made of the ladies who are so kindly assisting in the various booths. The Irish booth is in charge of Mrs. W. A. Jenkinson and Mrs. Edward Lang; oriental palmistry, Misses Bertha Anderson and Ruth Springer; Indian village, Miss Ruth Widenham; American booth, Company 1; theatre, Mrs. W. S. Terry and Miss Josephine Morey; Japanese and Chinese booth, Mrs. D. B. Hutchinson and Mrs. H. T. Richards; Italian booth, Mrs. A. Duckett; Spanish booth, Mrs. Lew Pratt; confetti booth, Mrs. E. E. Webster and Miss Mattie Tapp; flower booth, Mrs. W. H. Clifford; New England booth, Mrs. J. W. Miller; German village, Mrs. Seth H. Tilden; refreshment booth, Mrs. George W. Scott.

Besides these there were innumerable assistants, performers, attendants, etc., including Indians, Chinese, Japanese, Germans, Syrians, Italians, Spaniards, song and dance artists and musicians of every description, all in costume.

Shall we say that we have been signally favored by fortune in our choice of plantations? Or may we claim the Dudley Coffee as the result of our own incessant work, our care in treatment and transportation, our incomparable plant? Why Fremont Unfermented Grape Juice is Nutritious

Because it's Good, Pure and Unfermented.

FREMONT GRAPE JUICE is not the thing to drink if you must become intoxicated. Thousands of physicians prescribe it in their practice regularly because they have found the FREMONT brand of Grape Juice to be absolutely the life of the grape and nothing else. Alcoholic juices and beverages are temporary stimulants at best, while with FREMONT GRAPE JUICE the good effects are permanent and lasting.

For Sacramental uses, Fremont Grape Juice is certainly the safest, purest and best that can be procured for this purpose.

ANNOUNCEMENTS.
I hereby announce myself as a candidate for the office of circuit clerk of Morgan county, subject to the decision of the Republican county convention.
C. L. HAYDEN.

I hereby announce myself as a candidate for member of the board of education for the Fourth ward, subject to the decision of the Republican primaries.
J. W. WALTON.

YATES' VICTORY

IN JO DAVIESS.

Rockford Register-Gazette: Governor Yates won one of the most notable victories of his entire campaign Saturday, when he made very nearly a clean sweep in the Jo Daviess county primaries, the most remote county in the northwestern part of the state and a part of Colonel Lowden's congressional district. The candidates kept out of the county, no speeches or active personal campaign was made by either Yates or Lowden and the result was that over 100 of the 139 delegates who will sit in the county convention at Galena Thursday are instructed for Governor Yates, which means that Jo Daviess' nine delegates to the state convention will be instructed to favor the governor's re-nomination.

It is another evidence that the common people are with the governor and the politicians against him, for in Jo Daviess, like every other county where the expression has not been influenced by politicians or money, the governor has won overwhelmingly.

Down in Franklin county there was another test of strength Saturday and Governor Yates carried every township in the county by a vote of over three to one over General Hamilton, except two towns, and in one of these the vote was a tie. This is one of the counties where the county committee, unfriendly to Governor Yates, a month or two ago usurped the rights of the people and selected delegates without holding primaries or convention. The people raised such a howl that the committee was finally compelled to rescind its action and give the voters a chance. Jackson and Cumberland counties also climbed into the Yates band wagon Saturday.

Governor Yates will have close to 600 votes on the first ballot at Springfield.

AT GRACE CHURCH.

Everybody is profoundly interested in the great events now transpiring in the far east. Two exceedingly interesting discourses have been given at Grace church in this city on recent Sunday evenings. The subjects were China and Russia and incidentally the Russo-Japanese war. They have been founded on Bishop Fowler's remarkable production on "Christian Missions and World Movements," modified and adapted to the speaker's own use. They are a careful study from the Christian standpoint of great problems now facing the world on account of mighty movements going on at the present time in oriental lands.

Next Sunday evening the series of three addresses will be completed. The subject will be "The United States an Asiatic Power," a discussion of the important part our own country will be called upon to take in the affairs of the far east.

CITY COUNCIL

FOUR-HOUR SESSION HELD THURSDAY EVENING.

Pavement and Sewer Ordinances Passed — Signaphone Police Patrol System Adopted—Other Business Transacted.

The members of the city council were in session four hours Thursday evening and a large amount of business was transacted promptly and with very little discussion. It was an evening in which oratory cut but a very small figure in the proceedings. Ordinances providing for the paving of Clay avenue, East Morton avenue, West Lafayette avenue, South Church street, West Court street and North Fayette street were passed and ordinances for the laying of sewers on all of these streets, except Fayette street, were also passed. Provision was made for the building of public water closets under the pagoda now being erected in Central park and the Signaphone fire alarm and police patrol system was adopted. The sidewalk ordinance was read, but no action taken.

THE PROCEEDINGS.
The city council met in regular session Thursday night, with all members present; Mayor John R. Davis in the chair. The minutes of the last meeting were read and approved. A petition was read from the local Hod Carriers' union, asking that a member of the union be appointed to act as inspector of the street pavements contemplated this year. The petition was signed by President Pickle and Secretary Hitt, of the union.

On motion of Ald. Moore, seconded by Ald. Babb, the petition was received and council vote to act as in the premises suggested. Petition from property holders on Prairie street for sewer was referred to local improvement committee. On motion of Ald. Hildreth, all properly approved bills were ordered paid.

Reports of the city officers were read and placed on file. In the report of Miss Mary Roberts, city matron, she recommended that until proper facilities could be provided in the city prison for the accommodation of female prisoners that they be kept in the county jail. Considerable discussion arose over this report and Ald. Kennedy stated that a cell for women had been built in the second story of the present city prison, but so far had not been used. Chief Dunaway knew of no such room. Ald. Vaughn favored the report. Mayor Davis questioned the legality of the action suggested, but favored the separation of female prisoners from the men prisoners.

On motion of Alds. Cobb and Hildreth, the report of the city matron was accepted, except the clause as to female prisoners and the matter was referred to the police and fire committee.

Ald. Higgins reported for the park committee that the building of the pagoda in Central park had been begun and the question of building public water closets under the pagoda had been raised, but there was no appropriation for this purpose. Alds. Cobb, Kennedy and Ticknor favored the putting in of closets.

Ald. Vaughn asked the original cost of the pagoda and was informed the price was \$1,083. He asked what the additional cost of water closets would be and was informed that it would be \$742. He was vigorously opposed to the additional expenditure of this sum of money. He hoped that if it was attempted to spend this additional money some one would enjoin the pagoda building altogether.

Ald. Moore was opposed to putting a water closet in Central park and felt that it would not be used by respectable people.

Ald. Goveia heartily concurred in the remarks of Ald. Moore and said the merchants on the square were opposed to it.

Ald. Kennedy wanted to take the whole pagoda as it was and remove it to Nichols' park.

Ald. Babb favored the building of the closets in the pagoda.

Ald. Hildreth thought the water closets could be kept clean.

Mayor Davis stated the idea of the pagoda was a public comfort room. He did not believe all the conveniences for this room could be made at once, but he believed the step was one in the right direction. He favored making the closets exclusively for women. He felt the public comfort room was a necessity and while the pagoda is being built is the time to make this improvement.

Ald. Kennedy moved, seconded by Ald. Doolin, that bids be advertised for the building of a water closet under the pagoda.

Ald. Goveia raised the question of heating the pagoda and whether it could be used all the year round. He felt that it would require a steam heating plant to use the closets all the year around.

On the question of the motion Alds. Goveia, McGinnis, Vaughn and Moore voted in the negative.

The motion carried.

An ordinance providing for the paving of South Church street from West College avenue to Morton avenue, was read by the clerk, and also the specifications covering the same.

Ald. Goveia introduced to the board a bill for the paving of the street from the corner of Clay and East Morton streets to the corner of Clay and East Fayette streets.

RUN DOWN, TIRED

NINE-TENTHS OF JACKSONVILLE PEOPLE ARE IN THIS CONDITION

Our Local Druggist Lee P. Allcott Says "Vinol is What Every Man, Woman and Child Needs at This Season of the Year."

Many people right in this vicinity are all run down, no strength, hardly able to drag about. Don't know what ails them.

In ninety-nine cases out of a hundred it is simply a run-down condition of the system—in other words, general debility.

Our Vinol is the one great tonic reconstructer which they need. It will create strength, tone up the digestive organs, cure all stomach troubles, create a healthy appetite, make rich red blood and strengthen every organ in the body to do its work. It will drive away every feeling of lassitude, heaviness and depression, and infuse new life and energy.

Vinol is not a potent medicine, contains no injurious drugs, but it is the most delicious and valuable preparation of cod liver oil known to medicine, without a drop of oil to retard its work.

Mr. Andrew Jackson, of Springfield, Ohio, writes: "Every spring for years I have found myself in a worn-out, run-down condition, with no appetite, and before commencing the use of Vinol was practically a dead man on my feet. I tried this wonderful remedy and am satisfied that it has done for me what doctors have failed to do in all these years. I am well and strong, and my entire system is full of vitality. As a tonic for a run-down, tired, debilitated system Vinol stands at the head."

I wish every man, woman and child in Jacksonville who is in this condition would try Vinol and prove what it will do. Lee P. Allcott, Druggist.

BIRTHDAY CELEBRATION.

Thursday was the anniversary of the birth of Henry Wright, the popular cattle man, and his relatives took advantage of the fact to arrange a surprise party for the gentleman. Those from out of town all came in on the J. & St. L. railroad at noon, with well filled baskets, and meeting those from this city, proceeded to the house in a body. To say that Henry was surprised would only half express it, but he quickly recovered and proceeded to make his guests feel at home.

The delightful occasion ended all too quickly, but the train couldn't wait, and the celebrators took their departure with many expressions of good will and the hope that their host might have many more happy returns of the day.

Mr. Wright is the youngest of a family of eight children and puts his age at 40. Other estimates put his age at from 50 to 75, so the writer will not attempt an estimate. Those present at this happy occasion were: Mrs. A. J. Duncan, Mrs. Eva Reid, Mrs. Fannie Graves, Mr. and Mrs. Eli Seymour, Mr. and Mrs. W. T. Lattrell and Mr. and Mrs. N. C. Wright, all of Franklin; Mr. and Mrs. Fletcher, of Litchfield, and Mrs. Lizzie Wright and daughter, W. C. Wright, Dr. and Mrs. C. B. Powell and Mrs. Jennie Gregory, of this city.

CITY COUNCIL

(Continued from Page Four.)

charge for the bonds and thought 4 per cent would find acceptors.

The clerk thought the matter of per cent was determined by statute and could not be changed.

Ald. Goveia also thought that the kind of brick should be named in the specifications.

Ald. Moore said that he understood a large number of property owners on South Church street were opposed to the pavement on that street. He thought that they should be given an opportunity to be heard before a vote on the matter was taken.

Mayor Davis wanted to correct an impression that prevailed to the effect that the local improvement committee could do anything they wanted to in the matter of paving the streets. This is an erroneous idea, and nothing can be done by the board unless their recommendations are acquiesced in by vote of the council. "As a member of the local board of improvements, I favor this pavement, realizing, however, that some will criticize; but I believe the pavement is needed and when the same has been laid many of those who now oppose it will be glad that it has been laid." The mayor hoped that some plan might be devised whereby some of this expense could be borne by general taxation.

Before a vote was taken an opportunity was given to property owners on the street to speak, but no one responded.

The motion on the ordinance, as read, was then put and carried; Aids. Higgins, Johnson, Kennedy and Moore voting in the negative.

The clerk next read the ordinance prepared for the construction of a street pavement on West Lafayette avenue, from the intersection with North Church street to the city limits. The specifications for said pavement were also read in detail, Ald. Moore insisting on this latter reading.

Ald. Higgins stated that a number of the property owners on that street objected to the improvement on the ground that a stretch on that street, claimed to be owned by the Wabash railroad, was unpaved. He asked the council to give the property owners relief in the premises.

Ald. Doolin thought the stretch of street would never be paved unless the property was condemned and he would introduce an ordinance to that effect if the council would stand by him.

The mayor felt that the cheapest course for the city to pursue would be to share the cost of the pavement with the Wabash road, as the city had acknowledged the ownership of the property to be vested in the Wabash company.

Aids. Kennedy and Hildreth thought the stretch of street or property should be condemned.

Ald. Moore thought the property owners on the street should be heard before a vote was taken.

Mr. Harrigan, in behalf of the property owners, expressed the opinion that if the matter of the pavement was delayed for two years it could be put down much cheaper. There are many poor people on this street who are trying to pay for their homes and this improvement will work a great hardship upon them. It is foolish to pave a street and leave the first block on the street a mud hole, which it practically is eight months of the year.

Ald. Babb, seconded by Ald. McGinnis, moved the adoption of the ordinance, which carried; Ald. Kennedy voting no.

The clerk then read the ordinance providing for the laying of a brick street pavement extending from the intersection of Morton avenue with South Main street to the east line of

the intersection of Morton and Hardin avenues.

Ald. Hildreth, seconded by Ald. McGinnis, moved the adoption of the ordinance.

For the property owners, Jeremiah Sweeney stated that the improvement was not desired by the property owners on the street, but was a public want.

On roll call the motion carried and the ordinance was adopted; Aids. Kennedy and Moore voting no.

The ordinance providing for the paving of Clay avenue from East State street to Morton avenue was read, and the specifications thereon.

Ald. Kennedy objected to the reading of the ordinance because it did not provide for the pavement of the street to the city limits.

Ald. Vaughn moved that the matter be postponed until the ordinance was made to so read.

Ald. Hildreth moved to amend by proceeding with the reading of the ordinance as prepared.

The vote on the amendment resulted seven for and five against; Aids. Higgins, Johnson, Kennedy, Moore and Vaughn voting no. The original motion was lost.

The reading of the ordinance was continued and at its conclusion Ald. Cobb, seconded by Ald. Hildreth, moved the ordinance be adopted.

Ald. Kennedy believed that the matter of a sewer on Clay avenue should have consideration before the pavement was laid. Under existing conditions he was opposed to paving the street, although he was ready to pay for the pavement when conditions had been made favorable.

On roll call the ordinance carried, Ald. Kennedy voting no.

An ordinance providing for the pavement of West Court street, from the intersection with West street to North Church street, was read with the specifications thereon.

Ald. Moore objected to passing the ordinance on the ground of this being the first reading of the ordinance.

Ald. Tieknor moved to attach an emergency clause, and the same carried.

Ald. Kennedy moved the adoption of the ordinance and the motion prevailed unanimously.

An ordinance was read by the clerk providing for the paving of North Fayette street, from State street to Lafayette avenue.

Ald. Moore, seconded by Ald. Kennedy, moved postponement of the passage of the ordinance.

The motion was lost by a vote of five to seven.

Henry McDonald, on behalf of the property owners, stated that many on the street desired the postponement of the paving.

On motion of Ald. Tieknor, seconded by Ald. Moore, the ordinance was passed; Aids. Kennedy, Goveia and Moore voting no.

An ordinance providing for the construction of a sewer on Morton avenue was passed on motion of Ald. Hildreth, seconded by Ald. Cobb; Ald. Kennedy voting no.

An ordinance providing for the construction of a sewer on West Lafayette avenue was read and passed on motion of Ald. Higgins, seconded by Ald. Moore.

An ordinance providing for the construction of a sewer on Clay avenue was read and passed on motion of Ald. Babb, seconded by Ald. Goveia; Ald. Kennedy voting no.

An ordinance providing for the construction of a sewer on North Fayette street was read.

Henry McDonald objected to the running of the sewer past Jordan street, as all the property owners affected were connected with either the State street or Jordan street sewers. Ald. Higgins, seconded by Ald. Goveia, moved the ordinance be referred back to the board of local improvements. Motion carried; Ald. Babb voting no.

An ordinance was read providing

for the construction of a sewer on West Court street and passed on motion of Ald. Cobb, seconded by Ald. Moore.

An emergency clause was passed, as the ordinance was read for the first time.

A motion was made and carried that no pavement be laid on any of the streets considered until water and sewer mains had been laid and connections made to adjoining property, at least as far as the curb line.

Ald. Tieknor brought up the consideration of the police and fire alarm system and moved a reconsideration of the resolution postponing action, passed at the last meeting of the council. Ald. Cobb seconded the motion.

Ald. Goveia objected to the second by Ald. Cobb, claiming he voted in the negative in the resolution at the last meeting.

On roll call the motion to reconsider was carried, Mayor Davis casting the deciding vote. The negative votes on the motion were: Aids. Doolin, McGinnis, Goveia, Moore, Higgins and Kennedy.

Ald. Hildreth introduced a resolution to adopt the Signaphone police and fire alarm system at a cost of \$25,000.

Ald. Moore stated that he had written to Mobile, Ala., and other places and found that they were continually getting out of order and failed to give satisfaction.

Ald. Doolin thought that the city ought to advertise for bids before advertising for a police and fire alarm system.

Ald. Cobb favored the resolution and Ald. Vaughn also favored it, provided the same could be put in with some sort of specifications guaranteeing a proper installation of the system.

Ald. Doolin asked for the opinion of the city attorney as to the legality of adopting the system without advertising for bids.

Ald. Hildreth spoke in favor of the adoption of the system.

City Attorney Morrissey in response to Ald. Doolin's question stated that he understood the proper course to pursue in matters involving amounts exceeding \$500 was to advertise for bids.

Ald. Vaughn said there were practically only two firms manufacturing these systems and their bids had already been received.

Ald. Cobb was in favor of the adoption of the system.

On a question of procedure a motion by Ald. Moore to postpone action on the matter of fire alarm systems was made and lost on a tie vote. Mayor Davis voting in the negative. The affirmative votes were Aldermen Doolin, Goveia, Higgins, Kennedy, McGinnis and Moore.

Ald. Hildreth then moved the adoption of his original resolution and considerable discussion followed.

Mr. Stover, representing the Gamewell system, was heard and asked consideration for his company. He claimed to be the lowest bidder and to have presented the best apparatus. He doubted the legality of the contract without advertising for bids.

Judge Barnes, appearing as attorney for the signaphone company, spoke in behalf of that company and could see no doubt as to the legality of the procedure as contemplated by the council without advertising for bids. Other remarks were made by Judge Barnes at length.

Mr. Stover spoke briefly in reply to Judge Barnes.

On roll call Ald. Hildreth's motion to adopt the signaphone system carried, Aldermen Goveia, Doolin, Kennedy, McGinnis and Moore voting in the negative.

Under the head of new business a sidewalk ordinance was read, providing that all sidewalks hereafter laid shall be upon special taxation of the property in front of which said walk shall be laid, and making other specifications particularizing as to the manner in which various kinds of sidewalks shall be put down.

Ald. Vaughn moved the ordinance lay over under the rules. Carried.

City Clerk Stewart called attention to the lighting of the council chamber and changes were ordered made to conform to the rearrangement of the hall.

Ald. Doolin brought up the matter of a table for the reporters and Ald. Cobb stated that the matter had been cared for by the board of education.

Ald. Hildreth moved the council adjourn. Carried.

GAVE RECEPTION

Dr. and Mrs. J. R. Harker Entertain Most Delightfully at the Woman's College.

The large parlors and broad halls of the Woman's college were thronged Thursday evening with the many friends of the institution, who were present at the Easter reception given by Dr. and Mrs. Joseph R. Harker for the students of the school.

The cordial welcome extended by the faculty and students to their friends made the occasion one of great pleasure and all felt that the broad hospitality found in this home of culture and refinement was genuine, indeed.

Assisting Dr. and Mrs. Harker in the receiving line were Miss Austin and Miss Neville. Those who assisted in entertaining were: Mrs. T. J. Pitner, Miss Cowgill and Miss Pittman.

The decorations were simple in their appointment, consisting of cut flowers and palms most appropriately arranged. The members of the sophomore class and the specials had charge of the decorating and in the Phi Nu and Belles Lettres society halls a very neat arrangement of yellow and blue gave a most beautiful effect. In these halls refreshments were served by representatives from both the senior and junior preparatory classes. Those who assisted in pouring coffee were Misses Porter and Stewart, and Mrs. E. C. Langbert and Mrs. George Seringer.

BARTENDERS, ATTENTION.

All bartenders are requested to be at regular meeting to be held April 8. Very important business to be transacted. Matt Wagner, Pres.
